Mrs. Violet McCullough
1640 E. Harding Way
Stockton, California

Dear Mrs. McCullough:

This acknowledges your card of December 25, forwarded to this office from the Idaho Maryland Mine.

We are very happy indeed to have your card, expressing your appreciation of our Death Valley Days Christmas broadcast of Cornish singers, from the 2000-foot level of the Idaho Maryland Mine. We note from your card that Grass Valley is your old home and no doubt you have had the pleasure of listening to these Cornish singers many times in the past. We, too, think we were very fortunate in being able to present this broadcast of the "Cousin Jack" carolers.

With the thought that you might be interested, we are enclosing herewith an underground shot of the carolers.

Very truly yours,
